* 1) If BOAT COATING transparent **silk finish** (matte) is applied as the last layer only in combination with BOAT COATING transparent, **gloss finish**. BOAT COATING transparent gloss can be minimized accordingly.

* 2) Color paste can not be mixed with BOAT COATING transparent silk finish; Consumption rounded up to half tubes. The actual consumption of color paste depends on the individual color you wish to create.

* 3) An alternative to 310 gram bags is larger quantities can be ordered in 15 Kilo barrels.
